

Do you suffer from PMS symptoms? Neptune Krill Oil is the clinically tested road to relief.* A double-blind, randomized clinical study of 70 female patients found that taking Neptune Krill Oil caused a significant reduction in both the emotional and physical symptoms of PMS.*

Neptune Krill Oil:

Provides a direct source of the Omega-3 fatty acids EPA and DHA, unlike plant oils such as flax.

Contains EPA/DHA bonded to phospholipids, giving it at least 50% more bioavailability than fish oil.

Has also been clinically shown to help:

Maintain healthy HDL and LDL cholesterol and triglyceride levels and support cardiovascular health.

Maintain a healthy response to inflammation and support joint health.

100% Pure Neptune Krill Oil is uniquely extracted, ecologically harvested from pure Antarctic krill and produced in Canada.

NKO® is a trademark of Neptune Technologies & Bioresources, Inc.

WARNING: DO NOT USE IF SEAL IS BROKEN OR MISSING. Keep out of reach of children. Store at room temperature. Consult your healthcare professional before use if you are pregnant or lactating, have or had a medical condition (especially coagulopathy), have seafood or fish allergy, or are taking prescription drugs (especially anti-coagulants).*
